

**BS 8612:**  
Dry Fixed Ridge, Hip and Verges  
Systems for Slating and Tiling

# PRO RIDGE

## Universal Ridge & Hip System

**320mm wide ridge roll**  
Ensures 75mm coverage at any pitch.  
(Wider than any other manufacturer/supplier)  
• Perforated roll for additional ventilation.  
• Vapour permeable, wind & rain resistant.  
• Extra wide 25mm butyl adhesive strip.

- Dry fixing - application in all weather
- Quicker and easier to install over the mortar alternative
- Competitively priced
- Screws and clamps in pre assembled bag for speedy installation

**Stainless Steel Ridge batten fixing straps**

**100mm Stainless Steel Fixing screws**

**Self sealing polyamide clamping plate**  
(No washer required)

**Universal ridge union**  
• Patented ridge union design  
• Universal ridge union works with most ridge tiles

**ProRidge.**  
Universal kit.

Suitable for ridge and hip application, works with most ridge tiles - the quicker and easier alternative to mortar.
